IV. Statement of Claim:

State here as briefly as possible the facts of your case. Describe how each defendant is involved, including names, dates, and places. **Do not give any legal arguments or cite any cases or statutes.** If you intend to allege a number of related claims, number and set forth each claim in a separate paragraph. (Use as much space as you need. Attach extra sheets if necessary.)

July 2005 Police entered my residence without warrant on two occasions the same night, the second time charging myself with possession of Marijuana and Drug paraphernalia, which was tested with negative results, and forced my admission to a local hospital (after having recieved a face full of Mace) where it was forced a urine test (which also tested clean for substances) as well as controlled Substances and Involuntary Admission to a psyche ward. Court was continued in this matter Through Jan 11, 2006 wherein, (having been evicted from my residence based on alleged lease violation for Illegal possessing, as well as arbitration ruled in my absence due to clerks confusion of dates) I had missed the court date being stranded in Joliet (where I had sought shelter as I was homeless) which I was informed a warrant would be issued for my arrest (though this was days before the court date when I'd called in relation to this inability to appear. Having checked myself into the hospital in Ottawa that night (the soonest I could get there) under a false claim of suicidal tendency (to ensure admission), I had attempted various calls to remedy the issue without my arrest. After a couple such days, Jan. 13th 2006 I had recieved the majority

of my property returned by medical staff (24 hr. deprivation
 protocol for "suicide watch" procedure mandating all property removed).
 I had attempted an Improvised Altar (drawn instead of using Actual
 Implements) And had donned my ritual cloak with the intent
 to engage in meditation. Recalling Meditation CD's in a basket
 for "communal" use I left my room in pursuit of these (I later discovered
 my cd player's batteries dead), staff expressed opposition to my
 religious practice and summoned police to remove my religious
 cloak from my body (which such denied under oath). After such
 officer removed the cloak demands for Identification were made
 for future prosecution which apparently inspired a conspiracy
 to force dragging as some form of cover up or something. Drugs
 were illegally forced after a physical raid on myself into my
 hospital bedroom and rending of my face by officer McLaughlin to
 cause myself to bite his forearm for evidence of violence (being 2006-CF-39
 Aggravated battery charge). Court process was then taken to
 deprive myself effective trial under simulated fitness proceedings
 for apx 2 1/2 years, which resulted in my conviction As numerous
 legal instructions were denied as well as other matters. Released
 on Probation (conditional discharge) to homelessness 2 years later, tired
 of being chased around I was arrested for "trespassing on
 public property" for camping under a bridge; re-sentenced to literally
 time served; I.D.O.C. extended 2 years "MSR" beyond minimum authorization.

Full inclusion will indicate:
 Dragging by various medical staff at various locations (Peru hospital, Ottawa hospital, and Elgin-Department Human Services),
 Illegal acts by police and Judiciary personnel,
 Illegal acts by Staggville agents extending 2 years M.S.R. beyond court ordered incarceration period, followed by "violation of parole" proceedings extending actual physical confinement, as well as potential unethical practices for public defender agents official transition from public defender's office to states attorneys office. The extension of "official misconduct" applying to all the above, and the facts such as I had called police in relation to attacks on my dwelling only to be arrested for being homeless and living under a public bridge deemed arbitrarily (and contradictory to case law) to be trespassing on state supported property and real property simultaneously, while effectively depriving me equal protection of law as my property was permanently deprived and not protected as duty calls for (as I had called for), the theft being the alleged complainant/witness Jones in states information (As for prints had matched shoes seen on such the date of complaint). Also P.R.B. has ordered continuance twice for the same purpose which Dixon

Records department has refused compliance with the order authorizing my confinement. My primary assertion being that MSR was illegally issued beyond court's sentence caused the P.R.B. to delay proceedings "to re-evaluate ... incarceration history Re/sentence expiration date" or more clearly "a new sentence calculation is in order" the duplicity of continuance exposes the neglect of Records to provide this standard document (other documents prove other agency failure to handle the issue as well) which was the basis of such continuances, and the sole purpose identified for my authorization for continued confinement. The secondary issue (that I had in fact called the 800 number indicated to find that my information had not been entered into that system - which can be traced as I'd called from a pay/phone in the Joliet public library the day I was released thus phone records will indicate the excessive fees from such at apx 7:45pm); and third issue (that my case was in fact still pending appeal in lieu of appearance on a mandated motion for reconsideration which I'd actually relieved a writ here in Dixon to so address such motion); as well as contention of my right to liberty/freedom and locomotion

being such as it is justify any such claims in other ways; these issues have not been addressed by such Prisoner Review Board agents (at least not to my knowledge of events, and documentation). The homeless legislation element of my conviction by C. Raccuglia of the 13th circuit very likely constitutes terrorism by state statute (as well as all reported official threats for like confinement by various police). These matters are more thoroughly addressed in documents filed in my case (2006-CF-39) from the 13th circuit courts.

V. Relief:

State briefly exactly what you want the court to do for you. Make no legal arguments. Cite no cases or statutes.

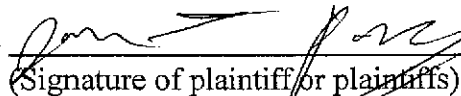

Removal of all contributing agents from their Employment;
 Confinement of those Agents for their corruption;
 Restitution for the Hardship(s) suffered due to
 their illegal actions. Cleansing of my record.

VI. The plaintiff demands that the case be tried by a jury. ☒ YES ☐ NO
